

# EVS-A Viewing System for the X-Rite Intellitrac

**Features:**

**Accurate D5000 Light Quality**

**LCD Monitor Mount & Pull-out Keyboard Drawer**

**Optional Side Walls to Control Ambient Conditions**

**Built-in LiteGuard II Viewing System Monitor**

The EVS-A/29 & EVS-A/40 color viewing systems are designed to accommodate a scanning densitometer or spectrophotometer. The units come equipped with an arm to hold a computer monitor and a convenient slide out drawer for storing the keyboard/mouse.

Available options include: side walls to control ambient light, storage cabinet (/SC), or flat file drawers (/FD).
